

# Press-to-Open Integrated Accessory

HANDLELESS FUNCTIONALITY FOR SEAMLESS DESIGN

## Product Features

- Allows for contemporary design with handleless custom panels
- Smooth, quiet operation with a press of the door
- Included trim piece provides a clean finish on the back of the door panel, resulting in a refined feel

## Design Planning

- Compatible with Sub-Zero integrated refrigerator, freezer, and wine columns
- Models with external drawers are not compatible
- Reference the installation instructions to plan for the required opening dimensions and electrical supply
