

PRODUCT RATING GUIDE

MODEL / SERIAL NUMBER AND PRODUCT RATING

Product Information

Important information for each Wolf product is listed on the product rating plate. Refer to the illustration for each Wolf product on the following pages for exact location.

Information included on the product rating plate:

- Model and serial numbers. These numbers are required to register your product for warranty service.
- Electrical specifications including ratings.
- Gas specifications including ratings.
- Type of gas, for products manufactured for use with natural gas or LP gas.

Activate your warranty today for a rewarding ownership experience. Register in one of three easy ways:

- 1 Online at subzero-wolf.com/register.
- 2 Call 800-222-7820 (have your serial number ready).
- 3 Complete and mail the postage-paid reply card.

Product Rating Plate Location

BUILT-IN OVENS

The product rating information is located near the bottom trim on the left for M series ovens and below the control panel on the right for E and L series ovens (door must be open). For the 24" E series oven, it is located on the left side of the front face frame.
